Update	95

Type of Incident	Freedom Convoy
Location	Ottawa
Incident Date and Time	28/01/2022 13:29

Brief Synopsis

Current Situation as of 0900 hrs.

There is no change in the overall geographic boundaries of our primary deployment. It remains with the area bounded by Wellington, the Canal, Laurier and Bronson. Officers remain on the perimeter in position on observation points. There are no restrictions for pedestrian traffic but there is a requirement for road closures to facilitate the ongoing rehabilitation of the area, including the removal of additional infrastructure.

There continues to be a robust, integrated police presence, managing traffic points, mobile response, foot patrols and QRT. Traffic services are continuing to be engaged on the periphery.

There were few reports of protestors during the late afternoon and overnight. Most attended Parliament Hill and then departed. Our policing partners continue to monitor several small encampments in the outlying jurisdictions. PLT members continue to work with these groups to determine intents.

The main transit routes along Albert, Slater and Mackenzie King bridge are now open resuming regular service.

Although not related to the convoy, other protest activities are occurring in the city but are related to the war in the Ukraine.
